1. Legal status and principal activities

Al Anwar Holdings SAOG (the “Parent Company”) is an Omani joint stock company incorporated on 20 December 1994 and registered in the Sultanate of Oman. The business activities of Parent Company and its subsidiary companies (together referred to as the “Group”) include promotion of and participation in a variety of ventures in the financial services and industrial sector in the Sultanate of Oman.

2. Significant accounting policies - General

The following accounting policies have been consistently applied in dealing with items considered material to the Group’s and Parent Company’s financial statements.

a. Statement of compliance and basis of preparation

The unaudited condensed interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards and interpretation issued by the relevant body of the International Accounting Standards Board, the requirements of the Commercial Companies Law of the Sultanate of Oman, 1974 (as amended) and the rules for disclosure requirements prescribed by the Capital Market Authority (“CMA”).

The unaudited condensed interim consolidated financial statements have been prepared under the historical cost convention, except that investments at fair value through profit or loss, investments available for sale and investment property are stated at their fair values and the held-to-maturity investments which are stated at amortised cost.

The unaudited condensed interim consolidated financial statements are presented in Rial Omani (“RO”), which the Board of Directors believes is the functional currency of the Parent Company. All financial information presented in RO has been rounded to the nearest thousand.

b. Basis of consolidation

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that currently are exercisable are taken into account.

The unaudited financial statements of subsidiaries are included in the unaudited condensed interim consolidated financial statements from the date that control commences until the date that control ceases. The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group.

The unaudited condensed interim consolidated financial position incorporates the assets and liabilities of the Parent Company and its subsidiaries. All significant inter-company balances, transactions, income and expenses have been eliminated on consolidation.

For the purpose of consolidation, financial position and results of operations of the subsidiaries are consistently considered on the basis of their unaudited financial statements for the period ended on the preceding 30 June. Adjustments are made for significant transactions which took place between the reporting date of subsidiaries and the Parent Company.

c. Investments

Subsidiary

In the Parent Company's stand alone unaudited condensed statement of financial position, the investments in subsidiaries are carried at cost. The purchase method of accounting is used to account for the acquisition of subsidiaries by the Group.

Associate

An entity over which the Group exercises significant influence but not control is classified as an associate.

The unaudited condensed interim consolidated financial statements include the Group's share of the total recognised gains and losses of associates on an equity accounted basis. For the purpose of which financial position and results of operations of the associates are consistently considered on the basis of their unaudited financial statements for the period ended on the preceding 30th September. Adjustments are made for significant transactions which took place between the reporting date of associates and the Parent Company.

The investments in associates are carried at cost in the Parent Company's stand alone unaudited condensed statement of financial position.

Investments held to maturity

Investments which are held with a positive intent and ability to hold until maturity are classified as held to maturity. They are initially recognised at cost and subsequently re-measured at amortised cost.

Investments at fair value through profit or loss

These are the investments which management, if considers eligible, designates as fair value through profit and loss upon their initial recognition.

Trading assets

Trading assets are those assets and liabilities that the Group acquire or incur principally for the purpose of selling or repurchasing in the near term, or holds as part of a portfolio that is managed together for short term profit or position taking.

Trading assets are initially recognized and subsequently measured at fair value in the financial position with transaction cost taken directly to the profit or loss. All changes in fair value are recognized as part of net trading income in profit or loss. Trading assets are not reclassified subsequent to their initial recognition.

Investments available for sale

Other investments are classified as available for sale. They are re-measured at fair value after initial recognition. Gains and losses on re-measurement are reported in the statement of changes in equity.

Fair value measurement

For investments actively traded in organized financial markets, fair value is generally determined by reference to stock exchange quoted market bid prices at the close of business on the financial position date. Unquoted investments are valued at fair value when they can be reliably measured; otherwise they are stated at cost.

2. Significant accounting policies - General *(continued)*

c. Investments *(continued)*

Dividend income

Dividend income from investments is accounted when the right to receive payment is established. Interest income on investments available for sale is recognised when the entitlement arises.

Gain on disposal of investments

Gain on disposal of investments is determined by the difference between sales proceeds and cost or carrying value and is credited to the statement of income.

d. Intangible assets

Goodwill

Goodwill arising on acquisition of subsidiaries and associates is initially recognised at cost, being the excess of cost of business combination over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities. Goodwill is subsequently measured at cost less accumulated impairment losses. Negative goodwill is recognised immediately in the statement of income. Impairment losses, if any, in respect of goodwill arising on consolidation of subsidiaries and investment in associates are assessed on an annual basis.

In respect of associates, the carrying amount of goodwill is included in the carrying amount of the investment.

e. Leases

Operating lease payments are recognised in the statement of income on a straight line basis.

f. Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Subsequent expenditure is capitalized only when it is probable that it will result in increased future economic benefits. All other expenditure is recognised in the statement of income as an expense as incurred.

Depreciation is charged to the statement of income on a straight-line basis over the estimated useful economic lives of items of property, plant and equipment. The estimated useful lives are as follows:

	Years
Buildings on leasehold land	20
Plant, machinery and equipment	4 - 15
Motor vehicles	3 - 5
Furniture and fixtures	3 - 8
Software	3
Capital work in progress is not depreciated.	

g. Investment properties

Investment properties are initially measured at cost including transaction costs. Subsequent to initial recognition investment properties are stated at fair value. Gains or losses arising from changes in the fair values of investment are included in the statement of comprehensive income in the year in which they arise.

Investment properties are derecognised when they have either been disposed off or when the investment properties are permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on the derecognition of investment properties are recognised in the statement of comprehensive income in the year of derecognition.

Notes

2. Significant accounting policies - General *(continued)*

h. Inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling expenses. Cost of raw materials is based on the weighted average cost method and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. Work in progress and finished goods includes material costs and, where applicable, an appropriate share of overheads based on normal operating capacity.

i. Accounts and other receivables

Accounts receivable originated by the Group, are measured at cost. Bad debts are written off or provided for as they arise and provision is made for doubtful receivables.

j. Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents consists of cash and bank balances with maturity of three months from the financial position date.

k. Impairment

Financial assets

At each financial position date, the Group's management assesses if there is any objective evidence indicating impairment of the carrying value of financial assets or non-collectability of receivables.

Impairment losses are determined as differences between the carrying amounts and the recoverable amounts and are recognised in the statement of income. Any reversal of impairment losses are recognised as income in the statement of income. The recoverable amounts represent the present value of expected future cash flows discounted at the original effective interest rate. Cash flows relating to short-term receivables are not discounted.

Non financial assets

Other than the goodwill arising on consolidation of subsidiaries and investment in associates [refer note (d) above] at each financial position date, the Group assesses if there is any indication of impairment of non-financial assets. If an indication exists, the Group's management estimates the recoverable amount of the asset and recognises an impairment loss in the statement of income. Other than for goodwill, the Group's management also assesses if there is any indication that an impairment loss recognised in prior years no longer exists or has reduced. The resultant impairment loss or reversals are recognised immediately in the statement of income.

The recoverable amount adopted is the higher of net realisable value or market value and its value in use.

l. Employees' end of service benefits

Payment is made to Omani Government's Social Security Scheme in accordance with the Royal Decree Number 72/91 (as amended) for Omani employees. Provision is made for amounts payable under the Sultanate of Oman's labour law in accordance with Royal Decree number 35/2003 (as amended) applicable to expatriate employees' accumulated periods of service at the financial position date.

m. Provisions

A provision is recognized in the financial position when the Group has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Notes

2. Significant accounting policies - General (continued)

n. Trade and other payable

Liabilities are recognised for amounts to be paid for goods and service received, whether or not billed to the Group.

o. Government term loans and deferred income

Carrying values

The carrying values of the interest free and low interest Government term loans are determined as the present values of the loans adopting the interest rates that reflect the current cost of similar borrowing on similar loan terms from a commercial bank.

Finance charge

The effective interest charge arises as a result of accounting for the fair values of the government related term loans and therefore represents the actual interest incurred for the year plus an amount arising from movements in the carrying values of the loans in the year.

Deferred income

The amount of deferred income relating to the government term loans is released to the profit or loss in such a way as to spread the income over the effective interest charge to which it relates.

p. Operating income

Operating income represents the invoice value of goods sold during the year, net of discounts and returns, and is recognised in the statement of income, when the significant risks and rewards of ownership have been transferred to the buyer.

q. Finance charges

Finance charges comprise interest payable on term loans and bank borrowings, interest subsidy, and are net of interest receivable on bank deposits. Finance charges are recognised as an expense in the statement of income in the period in which they are incurred.

r. Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Current tax is provided in accordance with the Sultanate of Oman's fiscal regulations. Deferred taxation is provided using the liability method on all temporary differences at the reporting date. It is calculated at the tax rates that are expected to apply to the period when it is anticipated the liabilities will be settled, and it is based on the rates (and laws) that have been enacted at the financial position date.

Deferred tax assets are recognised in relation to carry forward losses and unused tax credits to the extent that it is probable that future taxable profits will be achieved.

s. Foreign currencies

Foreign currency transactions are translated into Omani Rials at the exchange rate prevailing on the transaction date. Foreign currency monetary assets and liabilities at the financial position date are translated at the rates of exchange prevailing at that date. Exchange differences that arise are recognised in the statement of income.

2. Significant accounting policies - General *(continued)*

t. Operating segment

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components.

All operating segments' operating results are reviewed regularly by the Parent Company's CEO to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

u. Dividend

The Board of Directors takes into account appropriate parameters including the requirements of the Commercial Companies Law while recommending the dividend.

Dividend distribution to the Parent Company's shareholders is recognized as a liability in the Group's and Parent Company's stand alone unaudited condensed statement of financial position in the period in which the dividend is declared.

v. Directors' remuneration and meeting attendance fees

The Company follows the Commercial Companies Law 1974 (as amended), and other latest relevant directives issued by CMA, in regard to determination of the amount to be paid as Directors remuneration and sitting fee are charged to the statement of income in the year to which they relate.

w. Estimates and judgements

In preparing the consolidated financial statements, the Board of Directors is required to make estimates and assumptions which affect reported income and expenses, assets, liabilities and related disclosures. The use of available information and application of judgement based on historical experience and other factors are inherent in the formation of estimates. Actual results in the future could differ from such estimates. The Board of Directors test annually whether goodwill, investments in subsidiaries, associates and other financial assets have suffered any impairment which requires the use of estimates.

x. Earnings and net assets per share

The Group presents earnings per share (EPS) and net assets per share data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

Net assets per share is calculated by dividing the net assets attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

y. New standards and interpretations not yet effective

A number of new standards, amendments to standards and interpretations are not yet effective for the period ended 30 June 2016, and therefore have not been applied in preparing these consolidated financial statements. None of these will have an effect on the consolidated financial statements of the Group.

Notes

3. Significant Accounting Policies - Insurance Operations

a. Gross premium written

Premium on insurance contracts are recognized as revenue (earned premiums) proportionally over the period of coverage.

b. Reserve for unexpired risks/ unearned premium reserve

The reserve for unexpired risk represents the estimated portion of net premium income after deduction of the reinsurance share which relates to period of insurance subsequent to the statement of financial position date.

The reserve is calculated in accordance with the Insurance Companies Law of the Sultanate of Oman at 45% of the net retained premium for the year, for all classes of general business. The reserve for unexpired risks for life business is created on the basis of actuarial valuation performed on an annual basis.

c. Commission earned and paid

Commission earned and paid are recognised at the time policies are written.

d. Provision for out standing claims

Provision for outstanding claims is recognized at the date the claims are known and covers the liability for loss and loss adjustment expenses based on loss reports from independent loss adjusters and management best estimate.

e. Reinsurer's share of claims

Contracts entered into by the subsidiary with reinsurers under which the subsidiary is compensated for losses on one or more insurance contracts issued by the subsidiary are classified as reinsurance contract held by the subsidiary. The benefits to which the subsidiary is entitled under its reinsurance contracts held are recognised as reinsurance assets. these assets consists of short term balances due from reinsurers. Amount recoverable from or due to reinsurers are measured consistently with the amounts associated with the reinsured insurance contracts and in accordance with the terms of each reinsurance contract. Reinsurance liabilities are primarily premiums payable for reinsurance contracts and are recognised as an expenses when due.
